### **Inventory Analyst**

We are currently looking for a fast paced and dynamic Inventory Analyst. If you have a keen eye for detail, enjoy solving problems, and maintaining a fine balance of inventory levels and pricing strategies, this is the opportunity for you!

#### **Key Result Areas**

##### **Inventory Strategy**

- Analyze current stock levels to identify potential shortages or excesses of assets and determine appropriate repair or replenishment action
- Use historical and forecasted demand patterns to make recommendations on stock level changes where required
- Evaluate and procure sufficient inventory for large promotional activities, high velocity items, and in-store placements
- Manage inventory levels available to each customer by country
- Use strong analytical reasoning to understand end user's requirements and transform them into operational application
- Act as the liaison between finance, research & development and sales, oversee all activities with regards to inventory planning and forecasting
- Build inventory reports for internal stakeholders with strong emphasis on strategic actions to be taken in regard to overstocks, price adjustments, reorders or other inventory/sales decisions

##### **Inventory Logistics**

- Collaborate with warehouse, logistics, and vendors to co-ordinate flow of goods
- Communicate on a regular basis with vendors to track lead times
- Process and place Purchase Orders for replenishment and release scheduling of inbound goods
- Lead internal issues related to scarce and excessive stock situations

##### **Sales Forecasting**

- Facilitate the forecasting process to ensure appropriate inventory levels and pricing strategies are in place for both high and low velocity products

#### **The successful candidate requires:**

##### **Education and Experience**

- University degree in Business Administration, Economics, or a related field
- 2-5 years' experience with inventory analysis

### Technical Skills

- Intermediate to Advanced Microsoft Office and Excel Skills (Pivot Tables, Conditional Formatting, Charts, Vlookups, Index-Match, Sum, Average, Counts)
- Proficiency with Microsoft Office Suite programs, Outlook and the Internet required

### Cognitive Skills

- Superior analytical skills
- Exceptional organizational skills and meticulous attention to detail
- Strategic mindset and ability to proactively solve problems
- Strong communication, organizational, interpersonal, and time management skills
- Ability to work in a fast paced and constantly changing environment
- Be committed to providing outstanding customer service

### Emotional Intelligence

- Self-awareness: strong desire to develop and improve yourself and knowing when to seek outside expertise and experience
- Self-regulation: Controlling or redirecting disruptive impulses and moods
- Motivation: remain self motivated while creating enthusiasm in others
- Empathy: understand and care about people's current reality

If the above interests you, then apply to join a fast paced, creative, and energetic team!

**Candidates who reside within a 45 minute commute of our office will be given preference.**

**Please note: This is a 40 hour a week position based at our headquarters in Niagara Falls, ON. This position does not provide an option to work remotely.**
